Message from the Guest Editor

Dear Colleagues,

This Special Issue on "Recent Developments and Emerging Trends in Aortic Surgery" aims to provide a comprehensive overview of the latest advancements in the field. This Special Issue seeks to highlight cutting-edge research, innovative techniques, and emerging trends that have the potential to shape the future of aortic surgery.

We invite researchers, clinicians, and experts in the field to contribute their original research articles to this Special Issue. We encourage submissions that focus on a wide range of topics related to aortic surgery, including, but not limited to, the following:

1. Novel surgical approaches for aortic pathologies;
2. Advances in endovascular interventions for aortic diseases;
3. Imaging modalities and diagnostic techniques in aortic surgery;
4. Risk assessment and perioperative management strategies.

We look forward to receiving your submissions and collaborating with you to advance our knowledge and understanding of aortic surgery.
