27 September 2024

Message from the Guest Editors

This Special Issue is dedicated to exploring the future and evolution of aortic surgery, with a particular emphasis on minimally invasive surgery. The proposed issue aims to highlight the importance and interest of this topic to the medical community.

The guest editor for this issue is Dr. Risteski, an internationally recognized minimally invasive surgeon with specialization in aortic surgery. The issue will delve into the latest advancements and technologies in minimally invasive aortic surgery, as well as the challenges and opportunities presented by this approach. The authors will also discuss the benefits of minimally invasive surgery for patients, including reduced pain, shorter hospital stays, and faster recovery times.

This Special Issue is an opportunity for medical professionals to share their expertise and insights on this important topic and contribute to the ongoing evolution of aortic surgery.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPUS / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
