Message from the Guest Editor

Dear Colleagues,

Cosmetic surgery and skin care have become a billion-dollar industry due to the population's rising demand to maintain a youthful, aesthetically appealing appearance. Cosmetic dermatology is becoming increasingly popular, cross-culturally and across all ages and skin types. Due to the ever-growing number of submissions in this field, the editors of *Journal of Clinical Medicine* have set up a Special Issue dedicated to this field within dermatology. For this Special Issue, we invite research articles on various aspects of cosmetic and aesthetic dermatology.
