Message from the Guest Editors

Dear Colleagues,

The aim of this Special Issue is to highlight recent advances in the emergency care of trauma patients, including prehospital and early in-hospital care in the emergency department, operating room, and intensive care unit. Areas of interest in this Special Issue include but are not limited to:

- Organizational aspects of prehospital and in-hospital trauma care;
- Diagnostic techniques, including echography, radiology, and monitoring of vital functions;
- Management of multi-trauma as well as severe isolated trauma, including thoracic, abdominal, and pelvic trauma;
- Management of traumatic brain injury;
- Management of burn and inhalation injuries;
- Traumatic resuscitation; Emergency anesthesia and critical care;
- Emergency medicine procedures and surgical techniques;
- Trauma management in special circumstances, e.g., wilderness, battlefield, earthquake areas;
- Air medical transport of trauma patients.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
