Message from the Guest Editors

Dear Colleagues,

This Special Edition is dedicated to heated intraperitoneal chemotherapy (HIPEC) in the setting of peritoneal carcinomatosis (PC). This is an important and timely topic, as the application of cytoreductive surgery (CRS) and HIPEC is increasing worldwide. We hope to provide updates on the genomic landscape of PC, immunotherapy, advances in systemic therapy, surgery, and novel approaches in chemotherapeutics during HIPEC and drug delivery itself. Recent advances offer the promise of continued success in improving outcomes for patients with PC. We hope you will enjoy this Special Issue.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
