

Recent Advances in Neonatal Intensive Care: Perspective from Fetal to Neonatal, and Child Disease

Guest Editors:

Dr. Kazumichi Fujioka

Prof. Dr. Hidehiko Nakanishi

Dr. Shinji Nakamura

Deadline for manuscript
submissions:
closed (31 March 2024)

Message from the Guest Editors

This Special Issue offers an opportunity to publish high-quality research, reviews, and case series that further improve the understanding of the pathophysiology of preterm infants and neonatal diseases, as well as the development of new therapeutic approaches.

Over the last few decades, neonatal mortality has dramatically improved; however, the morbidity and developmental problems experienced by survivors have not yet been resolved. In this SI, the editors would like to discuss the recent advances in neonatal intensive care from the perspective of fetus to childhood. We welcome clinical, basic, and epidemiological research.

Keywords:

- neonatal intensive care
- neonatal diseases
- preterm infants

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
