submissions:

25 April 2025

Message from the Guest Editors

Dear Colleagues,

The Third International Dry Eye Workshop recognizes significant advances in the management of dry eye disease. Conventional dry eye treatments include over-the-counter products such as tear substitutes, warm compresses, lid hygiene shampoo, or lid wipes. Clinicians now have several other treatment modalities for patients who are unresponsive to traditional therapies or suffer from severe dry eyes, including newer anti-lubricants, anti-inflammatory eye drops, lipid-containing drops, secretagogues, newer designs for punctum plugs, and different types of intense pulse light and radiowave frequency delivery devices.

This Special Issue will collect contributions from distinguished authors who actively research, in their own experimental and clinical work, the most innovative treatment options for dry eye disease.

Dr. Piera Versura

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
