Message from the Guest Editors

Dear Colleagues,

This Special Issue, titled “Research Progress in Osseointegrated Oral Implants”, offers a comprehensive and insightful exploration into the latest advancements, research findings, and emerging trends within the field of osseointegrated oral implants. Through a collection of research articles contributed by experts in the field, this Special Issue covers a wide spectrum of topics ranging from implant design and surface modifications to surgical techniques, biomaterials, and clinical outcomes. Authors delve into innovative strategies aimed at enhancing osseointegration, improving implant stability, and mitigating peri-implant complications, providing valuable insights into the complex interplay between implant materials, biological responses, and clinical outcomes. Moreover, this Special Issue addresses current challenges and future directions in oral implantology.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
