

New Insights into Pediatric Asthma

Guest Editor:

Dr. Wenjia Chen

Saw Swee Hock School of Public Health, National University of Singapore, Singapore, Singapore

Deadline for manuscript submissions:

31 August 2024

Message from the Guest Editor

Dear Colleagues,

Pediatric asthma is a complex heterogenous inflammatory disease characterized by varied phenotypes and endotypes, of which the natural history is not well understood. To help healthcare professionals navigate the landscape of pediatric asthma, we are inviting a series of original and/or review articles that focus on its development, assessment, treatment, early intervention, environmental control and lifestyle intervention, precision medicine, e-Health and home monitoring approaches.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPlus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
