Message from the Guest Editor

Dear Colleagues,

This Special Issue, titled "Targeted Diagnosis and Treatment of Right Ventricular Function and Failure", strives to present an all-encompassing panorama of clinical methodologies and breakthroughs concerning the diagnosis and management of right ventricular dysfunction and failure. This Special Issue hones in on the intricate challenges inherent to right ventricular function while shedding light on emerging methodologies for precision-based interventions.

Contained within this collection is a diverse array of articles, spanning topics that encompass imaging modalities, biomarker utilization, therapeutic protocols, and innovative surgical approaches. By meticulously addressing the distinctive facets of right ventricular dysfunction, the ultimate goal of this Special Issue is to improve patient outcomes while fostering a deeper comprehension of this multifaceted ailment.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's (JCM)* staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPus / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
