Message from the Guest Editor

Dear Colleagues,

I am currently serving as Guest Editor for the Special Issue “Transcatheter Aortic Valve Implantation: Latest Advances and Future Prospects”, which will be published in *Journal of Clinical Medicine*. Transcatheter aortic valve implantation (TAVI) has gained ground in the two last decades, and its indications have been expanded to lower-risk and younger patients suffering from aortic valve stenosis. Newer prostheses and improved techniques have a positive impact on patients’ life expectancy and quality of life. The aim of this Special Issue is to present the recent advances and future directions of aortic stenosis management with TAVI.

Message from the Editorial Board

There has been an explosion of gene and target based research and therapeutics in the multitude of fields that compose clinical medicine. The *Journal of Clinical Medicine's* (JCM) staff and editorial board are dedicated to providing cutting edge, timely, and peer-reviewed articles covering the diverse subspecialties of clinical medicine. The journal publishes concise, innovative, and exciting research articles as well as clinically significant articles and reviews that are pertinent to the myriad of disciplines within medicine. The articles published are relevant to both primary care physicians and specialists. The journal's full-texts are archived in PubMed Central and indexed in PubMed. Please consider submitting your manuscripts for publication to our journal and check us out on-line!

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, CAPUS / SciFinder, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
