Message from the Guest Editor

Dear Colleagues,

Treatment of lipid metabolism disorders remains one of the foundations of preventive cardiology, affecting the populational life expectancy and quality. In recent years, owing to the hard work of multidisciplinary teams, we have acquired more resources in our therapeutic arsenal. The *Journal of Clinical Medicine* is planning a Special Issue titled “New Therapeutic Strategies for Cholesterol Management”. It is my great privilege to invite you to contribute to this Special Issue on cholesterol regulation. I welcome the submission of innovative original research and state-of-the-art reviews dealing with the novel frontiers and individualized management of dyslipidemias.
