

## Feature Papers in Journal of Developmental Biology

Guest Editors:

**Dr. Robert W. Dettman**

Department of Pediatrics,  
Northwestern University and  
Developmental Biology Program,  
Stanley Manne Children's  
Research Institute, Ann and  
Robert H. Lurie Children's  
Hospital, 225 E. Chicago Ave.,  
Chicago, IL 60611, USA

**Prof. Dr. Kristin Bruk Artinger**

Department of Craniofacial  
Biology, School of Dental  
Medicine, University of Colorado  
Anschutz Medical Campus,  
Aurora, CO 80045, USA

Deadline for manuscript  
submissions:

**closed (31 December 2020)**

### Message from the Guest Editors

This Special Issue aims to collect high-quality review articles, research articles and communications on the development of multicellular organisms at the molecule, cell, tissue, organ, and whole organism levels.

We hope this topic is of interest to you and invite you to send a tentative title and short abstract to our editorial office ([jdb@mdpi.com](mailto:jdb@mdpi.com)) for evaluation before submission. Please note that selected papers are still subject to thorough peer review, and only invited papers can be published online once accepted in this collection.

Topics include without being limited to the following:

- Development mechanisms and genetics;
- Cell differentiation;
- Embryonic development;
- Tissue/organism growth;
- Metamorphosis and regeneration;
- Genetics/human genetics;
- Cell biology in development;
- Development of the nervous system;
- Evolution of development;
- Rare developmental disorders;
- RNA mechanisms in development;
- Transcriptomics including single cell RNA-Seq to study development.

We look forward to receiving your excellent work.

an Open Access Journal by MDPI

## Editor-in-Chief

## Message from the Editor-in-Chief

The *Journal of Developmental Biology (JDB)* publishes original research papers and timely reviews. Our primary aim is to provide a platform for the publication of studies on the development of multicellular organisms efficiently and professionally; papers undergo a fast, yet thorough, peer-review process. JDB is an open access journal and accepted contributions are published immediately online, providing unlimited access to the scientific community and general public. We look forward to receiving your contribution to our journal and to working with fellow researchers.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, ESCI (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, and other databases.

**Rapid Publication:** manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.6 days after submission; acceptance to publication is undertaken in 4.9 days (median values for papers published in this journal in the first half of 2024).
