

# Journal of *Manufacturing and Materials Processing*

Dear Colleagues,

We are pleased to announce the winner of the *JMMP* 2021 Travel Award:

Dr. Nagalingam Arun Prasanth, Research Scientist/IPT-Lead, Manufacturing Technologies Programme Rolls-Royce@NTU Corporate Lab, Singapore.

## 2021 TRAVEL AWARD WINNER

Dr. Prasanth is an intellectual researcher/lead with substantial academic achievements, industry exposure, and volunteer experience. He specializes in additive manufacturing, advanced precision engineering, materials characterization, and surface-enhancement technologies. Currently, Dr. Prasanth's research is revolutionizing the areas of new product/process introduction, additive manufacturing, and surface enhancement. Dr. Prasanth will attend the 2nd International Conference on Advanced Surface Enhancement and deliver a speech about his paper "Data-Driven Artificial Intelligence Model for Uniform Surface Polishing of Complex Geometries in Mass Vibratory Finishing Processes".

The Travel Award consists of a certificate and CHF 800. Congratulations to the winner of this highly competitive Travel Award.

We would like to thank all of the Scientific Committee members for their assiduous evaluation of the candidates, as well as all of the applicants for submitting their diverse and fascinating range of research topics.
