Recent Advances in 3D Printing Technologies in Bioengineering with Selected Papers from the 29th Congress of the European Society of Biomechanics (ESB 2024)

Guest Editors:

Dr. Bin Zhang

Department of Mechanical and
Aerospace Engineering, Brunel
University London, London UB8
3PH, UK

Dr. Amirpasha Moetazedian

School of Engineering, University
of Hull, Cottingham Rd, Kingston
Upon Hull HU6 7RX, UK

Prof. Dr. Peter Zioupos

School of Engineering, University
of Hull, Cottingham Rd, Kingston
Upon Hull HU6 7RX, UK

Deadline for manuscript
submissions:

31 January 2025

Message from the Guest Editors

This Special Issue of the *Journal of Manufacturing and Materials Processing* includes a selection of papers on this very interesting topic of “Recent Advances in 3D Printing Technologies in Bioengineering” from scientists across the globe, as well as extended versions of selected papers presented at the 29th Congress of the European Society of Biomechanics (ESB 2024) taking place in Edinburgh, Scotland, from 30th June to 3rd July 2024 (<https://esbiomech2024.org/>), which brings together experts from industry and research from all over the world.

Contributors from around the world can submit their manuscripts for consideration as normal.

Participants of ESB 2024 can approach/contact the three editors of this Special Issue who are handling the selection of high-quality works from the conference. These papers will be submitted as extended full versions of their original papers (50% expansion of the contents of the conference paper).

Message from the Editor-in-Chief

Journal of Manufacturing and Materials Processing (JMMP) (ISSN 2504-4494) is a new MDPI peer-reviewed, open access venue with a focus on the scientific fundamentals and engineering methodologies of manufacturing and materials processing. We offer an online platform facilitating effective exchange of innovative scientific and engineering ideas and the dissemination of recent, original, and significant research and developmental findings. On behalf of the Editorial Board, I extend an invitation to our scientific and engineering colleagues to contribute high-quality, innovative, and ground-breaking research articles to *JMMP*.

Author Benefits

Open Access: free for readers, with **article processing charges (APC)** paid by authors or their institutions.

High Visibility: indexed within **Scopus**, **ESCI (Web of Science)**, **Inspec**, **CAPlus / SciFinder**, and **other databases**.

Journal Rank: JCR - Q1 (Engineering, Mechanical) / CiteScore - Q2 (*Mechanical Engineering*)
