

## Special Issue

# Paleoworld and Microbody Paleontological System Evolution

### Message from the Guest Editor

This Special Issue is dedicated to an interesting and highly specialized paleontological research field: microbody evolution. The proposed topic has been present in biological studies for less than seventy years, and more recently known from the palaeontological research. Such challenging research themes open new possibilities in paleontological studies and provide us with more colorful and realistic insights into the history of life. The scope of this Special Issue is to encourage researchers to present their state-of-the-art microbody studies. Such efforts also help scientists to establish new contacts, collaborations, and networks and encourage young naturalists to explore new approaches to the study of fascinating Earth history.

---

### Guest Editor

Dr. Jasenka Sremac

Department of Geology, Faculty of Science, University of Zagreb,  
Zagreb, Croatia

## About the Journal

### Message from the Editor-in-Chief

*Journal of Marine Science and Engineering (JMSE, ISSN: 2077-1312)* focuses on research in the fields of Ocean Engineering, Coastal Engineering, Physical Oceanography, Geological Oceanography, Marine Biology, and Marine Environmental Science. It publishes reviews, regular research papers, and short communications, as well as Special Issues on particular subjects. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the maximum length of the papers.

### Editor-in-Chief

Prof. Dr. Charitha Pattiaratchi

School of Engineering, The UWA Oceans Institute, The University of Western Australia, Perth, WA 6009, Australia

### Author Benefits

#### High Visibility:

indexed with Scopus, SCIE (Web of Science), Ei Compendex, GeoRef, Inspec, AGRIS, and other databases.

#### Journal Rank:

JCR - Q2 (Engineering, Marine) / CiteScore - Q2 (Ocean Engineering)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.5 days after submission; acceptance to publication is undertaken in 2.5 days (median values for papers published in this journal in the second half of 2025).
