Novel Challenges and Advances in Respiratory Diseases

Guest Editor:

Dr. Vasiliki E. Georgakopoulou Department of Pathophysiology, Laiko General Hospital, National and Kapodistrian University of Athens, 11527 Athens, Greece

Deadline for manuscript submissions:

15 November 2024

Message from the Guest Editor

This Special Issue, entitled "Novel Challenges and Advances in Respiratory Diseases", aims to offer a comprehensive exploration of the latest research and advancements in the field of respiratory medicine. With a particular focus on innovative approaches, breakthrough treatments, and cutting-edge technologies, this issue aims to shed light on the diverse spectrum of respiratory conditions and their management strategies. From investigating novel therapeutic interventions to elucidating the underlying mechanisms of respiratory diseases, the articles in this Special Issue provide valuable insights into understanding, diagnosing. and treating various disorders. Additionally. pulmonary given unprecedented challenges posed by emerging pathogens like COVID-19, this issue also addresses the impact of such global health crises on respiratory health and healthcare systems. By covering topics such as immunotherapy, precision medicine, respiratory infections, and airway diseases, this Special Issue serves as a valuable resource for researchers, clinicians, and policymakers striving to advance the field of respiratory medicine and improve patient outcomes.

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM; ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. JPM publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). JPM is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (*Medicine (miscellaneous)*)
