2. Department of Geriatric  
Medicine, Division of  
Rheumatology AOUC &  
Scleroderma Unit, University of  
Florence, Florence, Italy

Deadline for manuscript  
submissions:

**closed (5 December 2023)**

### Message from the Guest Editors

In the past, rheumatism (from Greek  $\rho\acute{\epsilon}\upsilon\mu\alpha\tau\acute{\iota}\zeta\omicron\mu\alpha\iota$ , “to suffer from a flux”) was the umbrella term used when referring to any of the vast group of inflammatory disorders affecting joints, tendons, or muscles. Nowadays, it is known that under this quite obsolete term, about 200 different diseases are classified, each one with its pathogenesis, natural history, diagnostic work-up, and therapeutic strategy. Moreover, every patient suffering from a rheumatic disease has their own characteristics which can differ from those of someone else affected by the same illness. Finally, overlap syndromes are possible, making the rheumatologist’s work even more challenging. The scope of this Special Issue is to delineate the latest advances in terms of differential diagnosis, patients’ typification, and tailored therapy in the world of rheumatic diseases. With this aim, we are looking for both comprehensive reviews and original research articles from authors dedicated to academical and clinical rheumatology.

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Kenneth P.H. Pritzker

Department of Laboratory  
Medicine and Pathobiology,  
Department of Surgery,  
University of Toronto, 6 Queens

## Message from the Editor-in-Chief

*Journal of Personalized Medicine* (*JPM*; ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, ‘omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [PubMed](#), [PMC](#), [Embase](#), and [other databases](#).

**Journal Rank:** CiteScore - Q1 (Medicine (miscellaneous))
