Personalized Molecular Neurobiology of Brain Mapping of Global Pain and Mental Illness

Guest Editors:

Prof. Dr. Kenneth Blum

Dr. Babak Kateb

Dr. Vicky Yamamoto

Prof. Dr. Igor Elman

Dr. Mark S. Gold

Dr. Kai-Uwe Lewandrowski

Deadline for manuscript submissions:

closed (30 November 2022)

Message from the Guest Editors

The special issue is initiated by the Brain Mapping Society (www.WorldBrainMapping.Org).

Improving the awareness, recognition, support, and treatment of Mental Illness should be an essential focus of global health. We the editors, along with the staff of the *Journal of Personalized Medicine* announced such a special issue.

We are interested in a wide range of topics, including (but not limited to) the following:

abuse and violence; addictive disorders; reward deficiency; cannabis use disorder; ADHD; ADD; autism; adjustment disorder; adolescents; alcohol use and abuse; Alzheimer's disease; anger; anxiety disorders; bipolar disorder; bullying; conduct disorders;major depression; dissociative disorders; drug use and abuse; eating disorders; grief and loss; HIV/AIDS;PTSD; schizophrenia; personality disorders; obsessive compulsive disorder (OCD); pain management; panic disorder; parenting issues, et.al.

Please join us by submitting your work and be part of the caring community of scientists across the globe working tirelessly to overcome the suffering of unfortunate victims.

Deadline: November 30th 2022

Article Processing Charge: 50% discount (1,007 USD)

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM; ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. JPM publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, 'omics association analysis). JPM is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (*Medicine (miscellaneous)*)
