closed (31 January 2015)

Message from the Guest Editor

Dear Colleagues,

This special issue is a call for papers about less commonly published aspects of Biobanking with a focus on electronic medical record linked Biobanks. These include study design and management, ethical considerations and potential solutions, and best practices in information technology tools for Biobank management. Retrospective reviews of well established biobanks, case studies, and implementation research papers all lend themselves well to this topic. Other topics along these lines are also welcome.

Message from the Editor-in-Chief

Journal of Personalized Medicine (JPM; ISSN 2075-4426) is an international, open access journal aimed at bringing all aspects of personalized medicine to one platform. *JPM* publishes cutting edge, innovative preclinical and translational scientific research and technologies related to personalized medicine (e.g., precision medicine, pharmacogenomics/proteomics, systems biology, ‘omics association analysis). *JPM* is covered in Scopus, the Science Citation Index Expanded (SCIE), PubMed, PMC, Embase, and other databases.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, Embase, and other databases.

Journal Rank: JCR - Q1 (Medicine, General and Internal) / CiteScore - Q2 (*Medicine (miscellaneous)*)
