Message from the Guest Editor

Dear Colleagues,

An important feature of the housing market is buyers' and sellers' search behaviors. This topic is increasingly becoming the subject of housing research due to improved data availability and the development of online housing platforms. In this Special Issue, we welcome theoretical, empirical, and critical articles dealing strictly with the search process in the housing market as well as those presenting similar issues, for example, in the field of information asymmetry.

Message from the Editor-in-Chief

Researchers are most welcome to contribute original research articles or comprehensive review papers for consideration and publication in *Journal of Risk and Financial Management (JRFM)*, an on-line, open access journal. *JRFM* adheres to rigorous peer-review as well as editorial processes, and publishes high quality manuscripts that address theoretical, practical and empirical issues in analysing real life financial data. The goal of *JRFM* is to enable rapid dissemination of high impact research to the scientific community.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, EconBiz, EconLit, RePEc, and other databases.

Journal Rank: CiteScore - Q1 (Business, Management and Accounting (miscellaneous))
