

Special Issue

Advances in Accounting, Auditing and Finance

Message from the Guest Editors

In this Special Issue, we are interested in bringing together rigorous manuscripts that advance innovative financial perspectives in accounting, auditing, and finance research. We are looking forward to receiving manuscripts featuring original research that involve innovative perspectives in accounting, auditing, and finance. We call for manuscripts that deal with big data governance, sustainability, financial innovation to uncover the underlying business practices and market circumstances. This call encourages research papers on innovative approaches toward the radical shifts in sustainable business models. We are interested in conceptual, theoretical, methodological, empirical, case studies, and systematic review studies. In addition, this call encourages research papers on innovative approaches toward the radical shifts in sustainable business models.
