

## **Sustainable Land Management in Times of Climate Extremes – Adaptations, Institutional Frameworks, Farmer Behaviour, and Community Empowerment**

Guest Editors:

**Dr. Barbora Duží**

**Dr. Stanislav Martinát**

**Dr. Jakub Trojan**

**Dr. Petr Dvořák**

Deadline for manuscript  
submissions:

**closed (10 July 2023)**

### **Message from the Guest Editors**

This Special Issue aims to deepen our understanding of how land managers are coping with the dynamically changing resilience of agriculture to climate extremes.

We cordially invite papers analysing the links between agriculture, social space, and environmental aspects of sustainable land management. Finally, we would like to hear more about how to involve local stakeholders and citizens in decision-making through public engagement, such as citizen science projects.

- climate extremes
- agriculture
- resilience
- empowerment
- land ownership
- local stakeholders
- community
- sustainable land management
- citizen science

Halle, Germany

## Message from the Editor-in-Chief

*Land* is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SSCI (Web of Science), PubAg, AGRIS, GeoRef, RePEc, and other databases.

**Journal Rank:** JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Nature and Landscape Conservation)
