Land Use/Land Cover and Natural Hazards: Interactions, Changes, and Impacts

Guest Editors:

Dr. Matej Vojtek

Dr. Andrea Petroselli

Dr. Raffaele Pelorosso

Deadline for manuscript
submissions:

closed (31 December 2022)

Message from the Guest Editors

The focus of this Special Issue is to gather and present the current knowledge on the interactions between LULC and natural hazards and to study the impacts of LULC changes/scenarios on the occurrence of natural hazards, as well as vice versa – the impacts of natural hazards on LULC and society at various spatial scales (from local to global). Tackling these issues has the potential to help risk managers and decision-makers to adopt appropriate mitigation/adaptation actions and resilient preparedness and response.

Authors are encouraged to submit innovative and original contributions in the following priority areas, but not exclusively:

- Change in historical and present LULC and its impact on natural hazards,
- LULC future scenario modeling and its impact on the occurrence of natural hazards,
- Impact of natural hazards on LULC and society.

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SSCI (Web of Science), PubAg, AGRIS, GeoRef, RePEc, and other databases.

Journal Rank: JCR - Q2 (*Environmental Studies*) / CiteScore - Q1 (Nature and Landscape Conservation)
