

## Special Issue

# Agricultural Land Management to Meet Future Global Food Demand

### Message from the Guest Editors

In this Special Issue, we are interested in contributions that link agricultural land management practices to food production. We invite conceptual works and original research, review, and synthesis papers that address research issues including, but not limited to, the following:

- Sustainable intensification of agricultural land;
- Modeling agricultural systems and food production;
- Design and implementation of land management practices;
- Economic analysis of agricultural interventions;
- Adoption and diffusion of agricultural technologies;
- Agricultural adaptation and mitigation of climate change and variability;
- Environmental benefits of land management practices.

---

### Guest Editors

Dr. Uttam Khanal

Productivity Commission, Australian Government, Melbourne, VIC 3008, Australia

Dr. Sanzidur Rahman

School of Agriculture, Policy and Development (SAPD), University of Reading, Reading RG6 6UR, UK

---

### Deadline for manuscript submissions

closed (28 November 2023)

## About the Journal

### Message from the Editor-in-Chief

*Land* is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.
