

Special Issue

National Parks and Protected Areas

Message from the Guest Editors

The purpose of this Special Issue is to invite academics and researchers to submit papers oriented to the planning and governance of national parks and protected areas. Potential topics include, but are not limited to:

- Protected areas and the post-2020 Global Biodiversity Framework;
- Climate change and protected areas;
- Public health and protected areas;
- Spatial planning and connectivity conservation of protected areas;
- Wilderness conservation and rewilding in protected areas;
- Community-based conservation and public participation in protected areas;
- Recreation opportunities in protected areas;
- Applying innovative methods, tools and technologies (e.g., remote sensing, big data analysis) in protected areas.

Guest Editors

Prof. Dr. Rui Yang

Dr. Yue Cao

Prof. Dr. Steve J. Carver

Dr. Le Yu

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

Land is the only open access journal covering all aspects of land science, and it is a pioneering platform for publishing on land system science. Our editorial board is comprised of eminent scholars. We publish high quality research on societally relevant, emerging and innovative topics and results in land system research. It is now one of the top land journals with a significant impact factor, and has a goal to become the best journal in land in the coming years. I strongly recommend *Land* for your best research publications for a fast dissemination of your research.

Editor-in-Chief

Prof. Dr. Christine Fürst

Institute for Geosciences and Geography, Department Sustainable Landscape Development, University of Halle, Von-Seckendorff-Platz 4, 06120 Halle, Germany

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SSCI (Web of Science), PubAg, AGRIS, GeoRef, RePEc, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Nature and Landscape Conservation)
