Olfactory Dysfunction: From Molecular Basis to Therapy

Guest Editor:

Dr. Min-Seok Rha

Department of
Otorhinolaryngology, Yonsei
University College of Medicine,
Seoul, Republic of Korea

Deadline for manuscript
submissions:

20 December 2024

Message from the Guest Editor

Olfaction plays a crucial role in food selection, nutrition, and the awareness of hazardous materials. Disturbances in olfaction are associated with a poorer quality of life and higher risk of mortality. In addition, as olfactory dysfunction is a common symptom of coronavirus disease 2019 (COVID-19), interest in olfactory dysfunction has recently increased. Considering that treatment options for olfactory dysfunction are currently limited, a better understanding of the mechanisms underlying olfactory dysfunction is needed to develop novel strategies. Furthermore, more studies are needed to broaden our knowledge of the clinical aspects of olfactory dysfunction.

This Special Issue highlights recent advances in the understanding of olfactory dysfunction. It is mainly focused on not only basic research providing new insights into olfaction and olfactory dysfunction, but also clinical, diagnostic, and therapeutic perspectives of olfactory dysfunction. This Special Issue welcomes the submission of research and review articles.

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [CAPlus / SciFinder](#), [AGRIS](#), and [other databases](#).

Journal Rank: JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
