### Message from the Guest Editors

Dear Colleagues,

The Special Issue entitled “Antimicrobial and Antibody Development in Plants: From Basic Research to Translational Applications” aims to explore the recent advances and developments in antimicrobial and antibody production in plant systems. Furthermore, the increasing prospects of plant-based therapeutic metabolites, synthetic biology for genetic manipulation of plant systems, an insight into key examples of translational success, and addressing challenges in efficient antibody and antimicrobial production comprise the key sub-topics in the Special Issue. We invite contributions from experts and eminent researchers for the contribution of a research/review/commentaries thereby making a substantial input in gaining knowledge and insights on the recent trends/developments in the above-mentioned areas.

Dr. Pragya Tiwari  
Dr. Abhishek Sharma

## Message from the Editor-in-Chief

*Life* (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [PMC](#), [CAPlus / SciFinder](#), [AGRIS](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (Biology) / CiteScore - Q1 (Paleontology)
