Message from the Guest Editors

We would like to elicit the submission of articles (full articles, communications, reviews, etc.) related to the broad subject of Synthetic Biology, with a special focus on (but not limited to) bottom-up/cell-free approaches, artificial compartments (including microfluidics and microchambers), in vitro transcription and translation, in vitro evolution, and related topics. All types of approaches are welcome (experimental, theoretical, conceptual, numerical simulations, etc.).

We look forward to receiving your best contributions and assembling a high-quality Special Issue to celebrate the landmarks of Life.

Message from the Editor-in-Chief

Life (ISSN 2075-1729) is an international, peer-reviewed open access journal that publishes scientific studies related to fundamental themes in life sciences. Some papers are published individually, while others are submitted for inclusion in special issues with guest editors. You are invited to contribute a research article, essay, or a review to be considered for publication.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
