Novel Research on Electromagnetic Wave Absorption in Nanomaterials

Guest Editors:

Prof. Dr. Xiaojun Zeng

School of Materials Science and Engineering, Jingdezhen Ceramic University, Jingdezhen 333403, China

Dr. Linwen Jiang

School of Materials Science and Chemical Engineering, Ningbo University, Ningbo 315211, China

Message from the Guest Editors

This Special Issue will focus on recent advances in nanostructure fine-tuning and structural engineering, particularly on novel fabrication strategies to realize controlled structures (size, shape, and morphology), and on developing various engineering designs to improve their EMW absorption performance while revealing mechanisms for their performance enhancement.

Deadline for manuscript submissions:

closed (31 January 2024)
