

Magnetic Resonance Applications and Advanced NMR & MRI Techniques

Guest Editors:

Dr. Michal Puškár

Department of Design and Transport Engineering, Faculty of Mechanical Engineering, Technical University of Košice, Letná 1/9, 040 01 Košice, Slovakia

Prof. Dr. Seong Min Kim

Department of Bioindustrial Machinery Engineering, College of Agriculture and Life Sciences, Chonbuk National University, Jeonju 54896, Korea

Deadline for manuscript submissions:

closed (31 July 2022)

Message from the Guest Editors

Dear Colleagues,

This Special Issue will be focused on the newest knowledge in the area of Magnetochemistry and Magnetic Resonance. The main purpose of this Special Issue is to provide a wide forum specifically determined for publishing of the results obtained from the scientific research concerning:

- Research and development in magnetic resonance;
- Magnetic resonance and COVID 19 ;
- New materials and magnetic resonance;
- Environmental aspects of magnetochemistry
- NMR and MRI techniques in agriculture and food.

Dr. Michal Puškár
Prof. Dr. Seong Min Kim
