Prof. Dr. Istvan Farago

Department of Applied Analysis,
Eötvös Loránd University,
Pázmány Péter sétány 1/C, H-
1117 Budapest, Hungary

Deadline for manuscript
submissions:

15 February 2025

Message from the Guest Editors

Dear Colleagues,

The Special Issue on Numerical Analysis in Computational Methods provides a high-quality venue for recent advances in the design and development of numerical and computational algorithms for all aspects in Applied Mathematics. We invite researchers to contribute high-quality original research articles as well as review articles on recent advances including, but not limited to, theoretical and applied numerical algorithms, analysis, and methods, applied and computational methods, scientific computing, computer simulations, optimization techniques, and advances in other branches of applied science with a computational mathematics component.

Dr. Thái Anh Nhan
Prof. Dr. Istvan Farago

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank: JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)
