

Graph Theory and Applications

Guest Editor:

Prof. Dr. Darren Narayan

School of Mathematical Sciences,
Rochester Institute of
Technology, Rochester, NY, USA

Deadline for manuscript
submissions:

closed (31 July 2023)

Message from the Guest Editor

Dear Colleagues,

In this Special Issue, we welcome papers in graph theory with applications to biology, computer science, complex and social networks, engineering, and other areas. While papers with real-world applications are especially encouraged, papers with a theoretical focus but with potential applications will also be considered.

Prof. Dr. Darren Narayan

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank: JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)
