Iceland

Deadline for manuscript  
submissions:

**closed (31 January 2023)**

### Message from the Guest Editor

Dear Colleagues,

We invite you to submit your latest research in the area of nonlinear control theory to this Special Issue, “Mathematical Methods for Nonlinear Control”, in the journal *Mathematics*. Research in Nonlinear Control uses mathematical theory, mathematical modeling, and algorithms for optimal and robust control solutions in many fields. High-quality papers are solicited to address both theoretical and practical issues in the area of nonlinear control. Submissions that present new theoretical results as well as new applications are welcome. Potential topics include, but are not limited to, optimal and robust control, model predictive control, aerospace control, and automation.

Dr. Elias August  
*Guest Editor*

an Open Access Journal by MDPI

Informatics, De Montfort  
University, The Gateway,  
Leicester LE1 9BH, UK

## Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

**Journal Rank:** JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)
