

First SDE: New Advances in Stochastic Differential Equations

Guest Editors:

Dr. Nuno M. Brites

ISEG—School of Economics and Management, REM—Research in Economics and Mathematics, CEMAPRE, Universidade de Lisboa, Rua do Quelhas, 6, Lisboa, Portugal

Dr. João M. Guerra

REM—Research in Economics and Mathematics, CEMAPRE, Rua do Quelhas 6, 1200-781 Lisboa, Portugal

Dr. Paula Milheiro-Oliveira

Faculty of Engineering, University of Porto, 4200-465 Porto, Portugal

Deadline for manuscript submissions:

31 December 2024

Message from the Guest Editors

Dear Colleagues,

We cordially invite you to submit your articles to the Special Issue of *Mathematics* entitled “First SDE: New Advances in Stochastic Differential Equations”. The title of the Special Issue not only reflects the topicality of the Special Issue itself but also provides a direct link to the First SDE – Stochastic Days Encounters: Stochastic Differential Equations and Statistics, held in Lisbon, Portugal, from May 25 to 26, 2023.

This Special Issue is one of such typical post-conference Special Issues; however, it is also absolutely open to submissions from authors who are interested in the topic even if they do not participate in the First SDE event at all.

Keywords

- boundary-value problems
- filtering problems
- first passage times
- stochastic control
- stochastic differential equations
- stochastic partial differential equations
- stochastic models
- stochastic processes
- mathematical finance
- optimal stopping
- energy
- structural mechanics

Editor-in-Chief

School of Computer Science and
Informatics, De Montfort
University, The Gateway,
Leicester LE1 9BH, UK

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The journal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering and sociology, particularly those that stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), RePEc, and other databases.

Journal Rank: JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)
