Contemporary Bayesian Analysis: Methods and Applications

Guest Editors: Message from the Guest Editors Dr. Nuttanan Wichitaksorn Dear Colleagues, Dr. Boris Choy We invite submissions to a Special Issue in the journal Mathematics of MDPI on "Contemporary Bayesian Analysis: Dr. Mengheng Li Methods and Applications". This Special Issue recognizes the Bayesian revolution in econometrics, statistics, and data science, especially pertaining to their methods and Deadline for manuscript applications. submissions: Authors with papers using any Bayesian approaches are 31 May 2025 encouraged to submit their papers or have a discussion with us. Papers with recent methods and applications are more than welcome. We also expect to receive contributions from emerging researchers. Keywords: • Bayesian analysis econometrics and statistics time series analysis and forecasting • Bayesian applications • Bayesian machine learning More details can be found: https://www.mdpi.com/si/mathematics/VBJV424689

Editor-in-Chief

Prof. Dr. Francisco Chiclana

School of Computer Science and Informatics, De Montfort University, The Gateway, Leicester LE1 9BH, UK

Message from the Editor-in-Chief

The journal *Mathematics* publishes high-quality, refereed papers that treat both pure and applied mathematics. The iournal highlights articles devoted to the mathematical treatment of questions arising in physics, chemistry, biology, statistics, finance, computer science, engineering sociology. particularly those that and stress analytical/algebraic aspects and novel problems and their solutions. One of the missions of the journal is to serve mathematicians and scientists through the prompt publication of significant advances in any branch of science and technology, and to provide a forum for the discussion of new scientific developments.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions. **High Visibility:** indexed within Scopus, SCIE (Web of Science), RePEc, and other databases. **Journal Rank:** JCR - Q1 (Mathematics) / CiteScore - Q1 (General Mathematics)
