Message from the Guest Editor

Dear Colleagues,

Acute kidney injury resulting from poisoning is commonly seen in daily practice, especially in those patients admitted to emergency departments and intensive care units.

The goal of this Special Issue is to collate articles on the detection, treatment, and prevention of acute kidney injury resulting from poisoning.

The cutting-edge research: Warning signs and treatment strategies for patients with acute kidney injury resulting from poisoning.

The articles, reviews, opinions, and case reports are all welcome.
