## Cutting-Edge Concepts in Knee Surgery

Guest Editor:

**Dr. Dhong Won Lee**

Department of Orthopaedic Surgery, Konkuk University Medical Center, Konkuk University, Seoul, Republic of Korea

Deadline for manuscript submissions:

**30 November 2024**

### Message from the Guest Editor

Most knee surgeries aside from artificial joint surgery are now treated with arthroscopy, which has become a standard surgical procedure. Around the world, many orthopaedic surgeons passionately find innovative approaches and ways of carrying out trials to share and advance the field of knee surgery. The aim of this Special Issue of *Medicina* is to present new advances in knee arthroscopic surgeries for sports injuries and disorders. This Special Issue is open to studies for new surgical techniques, evolved diagnosis, clinical outcomes, rehabilitation strategies, and current reviews. We invite authors to submit articles related to knee arthroscopy.
