Poznan University of Medical  
Sciences, 60-812 Poznań, Poland

Deadline for manuscript  
submissions:

**closed (31 July 2023)**

### Message from the Guest Editors

Dear Colleagues,

We are pleased to announce a new Special Issue for *Medicina*—“Women’s Special Issue Series: Medicine”—to celebrate and highlight the international achievements of female researchers in the fields of medicine and clinical science.

For this Special Issue, we are seeking the submission of original research articles and comprehensive review papers from, but not limited to, cardiology, cardiovascular and clinical diabetes, dental and oral health and women’s health, plus any other medicine-related subjects. The papers in this Special Issue will be published via our open access platform after a thorough peer review.

The purpose of our Special Issue is to promote and celebrate the latest achievements of women in medicine and clinical science. While we encourage contributions where the lead/senior author is female, we welcome submissions from all authors, irrespective of their gender identity. We look forward to receiving your excellent work.

Dr. Caroline A. Abbott  
Prof. Dr. Diana Žaliaduonytė  
Dr. Marta Dyszkiewicz-Konwińska

## Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), and [other databases](#).

**Journal Rank:** JCR - Q1 (Medicine, General and Internal) / CiteScore - Q1 (General Medicine)
