

## Special Issue

# Obesity and Bariatric Surgery: Updates and Challenges

### Message from the Guest Editors

In order to achieve not only effective weight loss, but also remission of comorbidities, various surgical methods for the treatment of obesity are used. In addition to the most common procedures, newer surgical methods are common. Roux-en-Y gastric bypass (RYGB), one anastomosis gastric bypass (OAGB) or sleeve gastrectomy (SG) is followed by single anastomosis duodenal-ileal bypass with sleeve (SADI-S), single anastomosis sleeve ileal (SASI) or BariClip. We would like to propose a Special Issue where authors can present the results of their latest research in the field of bariatric and metabolic surgery. In addition, we encourage authors to present the challenges faced by bariatric surgeons.

### Guest Editors

Dr. Natalia Dowgiałło-Gornowicz

Dr. Paweł Lech

Prof. Dr. Piotr Major

### Deadline for manuscript submissions

closed (20 October 2023)

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article or a comprehensive review for consideration and publication in *Medicina* (ISSN: 1648-9144). *Medicina* is an open access, peer-reviewed scientific journal that publishes original articles, critical reviews, research notes, and short communications on medicine. The scientific community and the general public can access the content free of charge as soon as it is published.
