Membrane Technology for Sustainable Future—Solid Oxide Fuel Cells

Guest Editors:

Prof. Dr. Vladislav A. Sadykov

Prof. Dr. Christos Argirusis

Prof. Dr. Vladislav V. Kharton

Prof. Dr. Denis Osinkin

Deadline for manuscript submissions:

closed (27 June 2023)

Message from the Guest Editors

Dear Colleagues,

We invite you to submit your works to a Special Issue titled "Membrane Technology for Sustainable Future—Solid Oxide Fuel Cells". The purpose of this Special Issue is to present the advances in the development of technologies, formation methods and comprehensive research of ceramic membranes for electrochemical devices based on solid electrolytes. Authors are invited to submit their latest results; both original research papers and reviews are welcome.

We look forward to receiving your contributions

an Open Access Journal by MDPI

Editor-in-Chief

Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375).

Membranes is an international, peer-reviewed open accessjournal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

Journal Rank: JCR - Q2 (*Chemistry, Physical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous*))
