## Membrane Reactors for Process Intensification: Recent Advances and Key Applications

Guest Editor:

**Dr. David Alique**

Department of Chemical, Energy and Mechanical Technology, Rey Juan Carlos University, C/Tulipán s/n, 28933 Móstoles, Spain

Deadline for manuscript submissions:

**closed (30 September 2020)**

### Message from the Guest Editor

The current Special Issue aims to collect some of the most recent advances in this field, covering from membrane and membrane reactor designs to particular applications in which the use of this technology provides clear advantages against other conventional processes schemes.

- Membrane reactor
- Process intensification
- Equilibrium displacement
- Coupled reactions
- High-efficiency
- Hydrogen
- CO<sub>2</sub> capture
- CO<sub>2</sub> conversion
- Waste valorization
- Wastewater treatment

## Editor-in-Chief

### Prof. Dr. Spas D. Kolev

School of Chemistry, The  
University of Melbourne,  
Melbourne, VIC 3010, Australia

## Message from the Editor-in-Chief

You are cordially invited to contribute a research article or a comprehensive review for consideration and publication in *Membranes* (ISSN 2077-0375).

*Membranes* is an international, peer-reviewed open access journal of membrane technology published monthly online by MDPI. The journal covers the broad aspects of the science and technology of both biological and non-biological membranes, including membrane dynamics and the preparation and characterization of membranes and their applications in water, environment, energy, and food industries. Articles contributing to better understanding of transport processes in all types of membranes are also welcome. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Ei Compendex, PubMed, PMC, CAPlus / SciFinder, Inspec, and other databases.

**Journal Rank:** JCR - Q2 (*Chemistry, Physical*) / CiteScore - Q2 (*Chemical Engineering (miscellaneous)*)
