Deadline for manuscript
submissions:

15 December 2024

Message from the Guest Editors

Dear Colleagues,

This Special Issue aims to provide a comprehensive overview of state-of-the-art Medical Microbiology in UK. We encourage British researchers from related fields to contribute papers highlighting the latest developments in Medical Microbiology, or to invite relevant experts and colleagues to do so. The Special Issue will publish full research articles and comprehensive reviews.

Dr. Mohamed H. Ahmed

Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Microbiology*) / CiteScore - Q2 (*Microbiology*)
