Deadline for manuscript  
submissions:

**closed (15 October 2022)**

### Message from the Guest Editors

Dear Colleagues,

For this Special Issue of *Microorganisms*, entitled “Impact and Applications of Probiotics (Beneficial, Friendly, and Direct-Fed Microbes), Prebiotics, and Postbiotics in Animal Feed”, we invite you to submit your contributions concerning any aspects related to the use of probiotics (beneficial, friendly, and direct-fed microbes), prebiotics, and postbiotics as feed additives and their effects on the growth performance and health of farming and companion animals.

Prof. Dr. Weifen Li

Prof. Dr. Min Yue

## Message from the Editor-in-Chief

"Microorganism" merges the idea of the very small with the idea of the evolving reproducing organism is a unifying principle for the discipline of microbiology. Our journal recognizes the broadly diverse yet connected nature of microorganisms and provides an advanced publishing forum for original articles from scientists involved in high-quality basic and applied research on any prokaryotic or eukaryotic microorganism, and for research on the ecology, genomics and evolution of microbial communities as well as that exploring cultured microorganisms in the laboratory.

## Author Benefits

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), PubMed, PMC, PubAg, CAPlus / SciFinder, AGRIS, and other databases.

**Journal Rank:** JCR - Q2 (*Microbiology*) / CiteScore - Q2 (*Microbiology*)
