Faculty of Mining and Geology,
University of Belgrade, Belgrade
11000, Serbia

Deadline for manuscript
submissions:

closed (30 December 2017)

Message from the Guest Editor

Dear Colleagues,

We are pleased to inform you about the 6th International Symposium on Mining and Environmental Protection (www.rgf.bg.ac.rs/mep/), which will be held in June 2017, in Vrdnik, Serbia, and is organized by the Center for Environmental Engineering, Faculty of Mining and Geology, University of Belgrade in Belgrade.

Previous conferences were very successful. Scientist and companies from many countries gathered to share experiences, information, and research results. The objective of this conference is to bring together engineers, scientists, and managers, working in the mining industry, research organizations, and government organizations, to work on the development and application of best practices in the mining industry with respect to environment protection.

The attendance of representatives from almost all Serbian mines is expected, as well as significant participation by professionals from mines, institutes, and universities from all over the world.

Prof. Dr. Ivica Ristović

Message from the Editor-in-Chief

Minerals welcomes submissions that report basic and applied research in mineralogy. Research areas of traditional interest are mineral deposits, mining, mineral processing and environmental mineralogy. The journal footprint also includes novel uses of elemental and isotopic analyses of minerals for petrology, geochronology and thermochronology, thermobarometry, ore genesis and sedimentary provenance. Contributions are encouraged in emerging research areas such as applications of quantitative mineralogy to the oil and gas, manufacturing, forensic science, climate change, geohazard and health sectors.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), GeoRef, CaPlus / SciFinder, Inspec, Astrophysics Data System, AGRIS, and other databases.

Journal Rank: JCR - Q2 (*Geochemistry and Geophysics*) / CiteScore - Q2 (*Geology*)
