Recent Advances in the Pharmacokinetics and Pharmacodynamics of Natural Molecules and Pharmaceuticals

Guest Editor:

Prof. Dr. Tung-Hu Tsai

Institute of Traditional Medicine, School of Medicine, National Yang Ming Chiao Tung University, Taipei 11221, Taiwan

Deadline for manuscript submissions:

closed (31 March 2024)

Message from the Guest Editor

The editorial board of Molecules invites you to submit an article to a Special Issue entitled "Recent Advances in the Pharmacokinetics and Pharmacodynamics of Natural Molecules and Pharmaceuticals".

It is my pleasure to invite you to submit your original contributions to "Recent Advances in the Pharmacokinetics and Pharmacodynamics of Natural Molecules and Pharmaceuticals", with topics including, but not limited to, novel analytical and experimental methods relevant to the separation, identification, and determination of active compounds in natural herbs and drugs, as well as the study of their pharmacokinetics and pharmacodynamics and other relevant topics. Outstanding communications and reviews are also greatly appreciated.

Molecules is indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases, and has an Impact Factor of 4.927 (2021).

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Reaxys, CaPlus / SciFinder, MarinLit, AGRIS, and other databases.

Journal Rank: JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))
