Message from the Guest Editor

The editorial board of *Molecules* invites you to submit an article to a Special Issue entitled "Alkaloids in Medicinal Chemistry". This Special Issue provides a privileged platform to publish original research articles and review articles covering studies concerning the identification of alkaloids and synthetic bioactive derivatives with relevant biological activities. We look forward to receiving your contributions. This Special Issue invites researchers to submit original research or review articles related to this topic.

Molecules is indexed by the Science Citation Index Expanded (Web of Science), MEDLINE (PubMed) and other databases, and has an Impact Factor of 4.412 (2020).

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.
