Message from the Guest Editors

Professor Gunatilaka is the Director of Southwest Center for Natural Products Research and a Professor at the School of Natural Resources & Environment of the College of Agriculture and Life Sciences at the University of Arizona. He received his Ph.D. degree from the University of London under the supervision of Prof. Derek H.R. Barton, a Nobel Laureate in Chemistry. Prior to joining the University of Arizona in 1997, he served as Professor of Organic Chemistry and chair of the Department of Chemistry at University of Peradeniya, Sri Lanka. His productive collaborations with national and international researchers in various fields have led to significant findings resulting in over 250 peer-reviewed publications. He has also delivered invited lectures in 17 countries. Prof. Gunatilaka is a fellow of the World Academy of Sciences and has received many honors and awards, including the Sri Lankan Presidential Gold Medal for developing a Center of Excellence in Natural Products Research at the University of Peradeniya and a Leading Edge Award for Innovative Research from the University of Arizona.

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Reaxys](#), [CaPlus / SciFinder](#), [MarinLit](#), [AGRIS](#), and [other databases](#).

Journal Rank: JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))
