## Molecules from Side Reactions II

Guest Editors:

**Dr. Stefano D'Errico**

Department of Pharmacy,  
University of Naples Federico II,  
Via Domenico Montesano 49,  
80131 Naples, Italy

**Prof. Dr. Annalisa Guaragna**

Department of Chemical  
Sciences, University of Naples  
Federico II, Via Cinthia 21, 80126  
Napoli, Italy

Deadline for manuscript  
submissions:

**31 December 2024**

### Message from the Guest Editors

Dear Colleagues,

It is with great pleasure that the second edition of the Special Issue "[Molecules from Side Reactions](#)" is launched, following the success of the first edition. This Special Issue aims to make available to the scientific community information on the side reactions and side products that inevitably take place during total or multistep syntheses. The submission of research articles covering all of the fields of organic chemistry is welcome. Due to the special nature of this topic, the reaction yields are not a key element in assessing the quality of the submitted research.

You may choose our [Joint Special Issue](#) in *Molbank*.

Dr. Stefano D'Errico  
Prof. Dr. Annalisa Guaragna

# Special Issue

an Open Access Journal by MDPI

## Editor-in-Chief

### Prof. Dr. Thomas J. Schmidt

Institute of Pharmaceutical  
Biology and Phytochemistry,  
University of Münster,  
Corrensstrasse 48, D-48149  
Münster, Germany

## Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

## Author Benefits

**Open Access:** free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High Visibility:** indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Reaxys](#), [CaPlus / SciFinder](#), [MarinLit](#), [AGRIS](#), and [other databases](#).

**Journal Rank:** JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))
