Deadline for manuscript
submissions:

31 October 2024

Message from the Guest Editor

Dear Colleagues,

In view of the medicinal potential of endophytes, the principal goals of this Special Issue focus on all aspects of chemical and biochemical research, including the isolation and structural elucidation of novel bioactive secondary metabolites from plant- and animal-associated endophytes, biosynthesis and microbiological transformations, and other related research.

You are welcome to visit the **Website**. Look forward to receiving the **Abstract** and **Manuscript** from your group.

an Open Access Journal by MDPI

Corrensstrasse 48, D-48149
Münster, Germany

Message from the Editor-in-Chief

As the premier open access journal dedicated to experimental organic chemistry, and now in its 25th year of publication, the papers published in *Molecules* span from classical synthetic methodology to natural product isolation and characterization, as well as physicochemical studies and the applications of these molecules as pharmaceuticals, catalysts and novel materials. Pushing the boundaries of the discipline, we invite papers on multidisciplinary topics bridging biochemistry, biophysics and materials science, as well as timely reviews and topical issues on cutting edge fields in all these areas.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [Scopus](#), [SCIE \(Web of Science\)](#), [PubMed](#), [MEDLINE](#), [PMC](#), [Reaxys](#), [CaPlus / SciFinder](#), [MarinLit](#), [AGRIS](#), and [other databases](#).

Journal Rank: JCR - Q2 (Chemistry, Multidisciplinary) / CiteScore - Q1 (Chemistry (miscellaneous))
